Re: Letter of Recommendation  
Tilton Pacific Construction, Inc.

To whom it may concern:

I have used TPC on numerous projects over the past two years in construction of our City Sports Club health club facilities. Those projects vary from a 45,000sf tenant improvement, to our prototype, ground up constructions, and to a very complicated, repurposing of a three-story, 48,000sf concrete building.

To date, Fitness International has completed five City Sports Clubs in Northern California; all were competitively bid among 3-4 general contractors, and Tilton Pacific have won, awarded and constructed all five projects.

The TPC team has performed excellently, timely and with integrity, as well as delivered high quality finished products. They've established themselves as our "go-to" contractor in the Northern California area, and I foresee them constructing many more City Sports Club for us.

In closing, I highly recommend them to other owner/developers for any potential project.

Please feel free to contact me at (949) 255-7471 if you should have any questions.

Sincerely,

Lem Gonzales  
Development Manager
